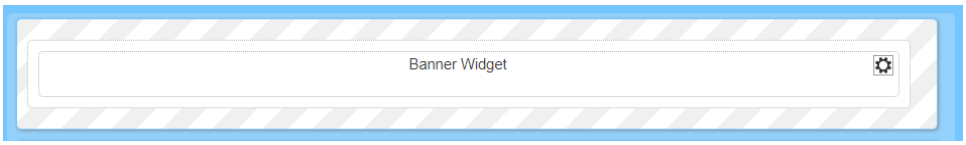
Editing the Banner

Swimming Websites have a specifically designed banner for swimming clubs to setup as part of their website.

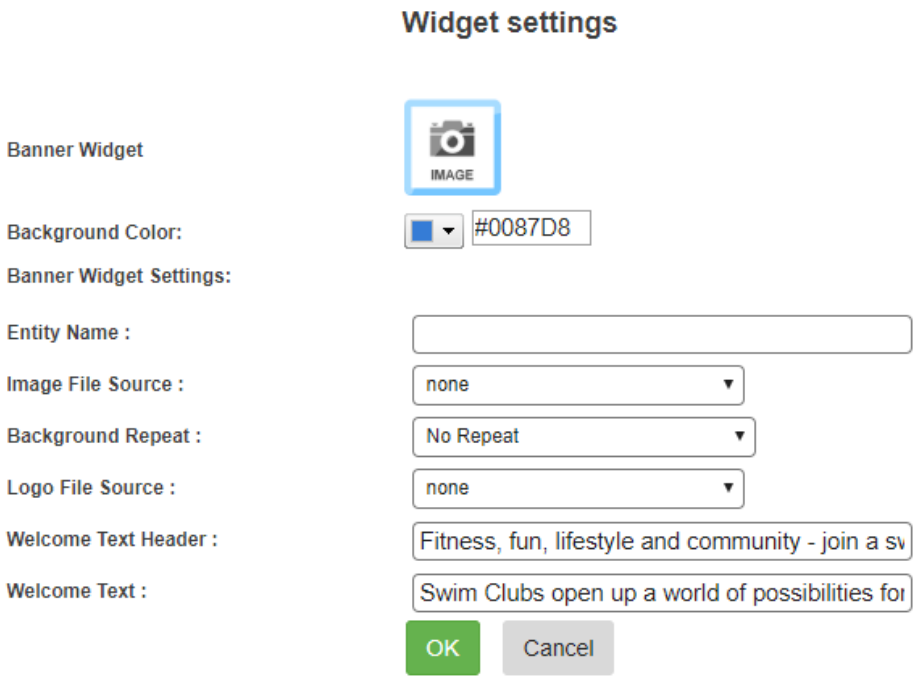
Unknown macro: 'widget'

Steps to edit the banner:

1. Navigate to the Layout Manager via the Site Design menu
2. Select Edit for the Home Page Layout
3. Select the edit cog on the left of the Banner Widget



4. Edit the different settings in the banner, including
   - the background colour
   - change the entity name (eg. Jamestown Swimming Club to Jamestown SC)
   - Add an image to the banner background (image must be uploaded via the File Manager)
   - Add the club logo (square image must be uploaded to the File Manager)
   - Change the default welcome text or remove completely by deleting the wording.



5. Select OK, save and publish website.
