Adding Rows

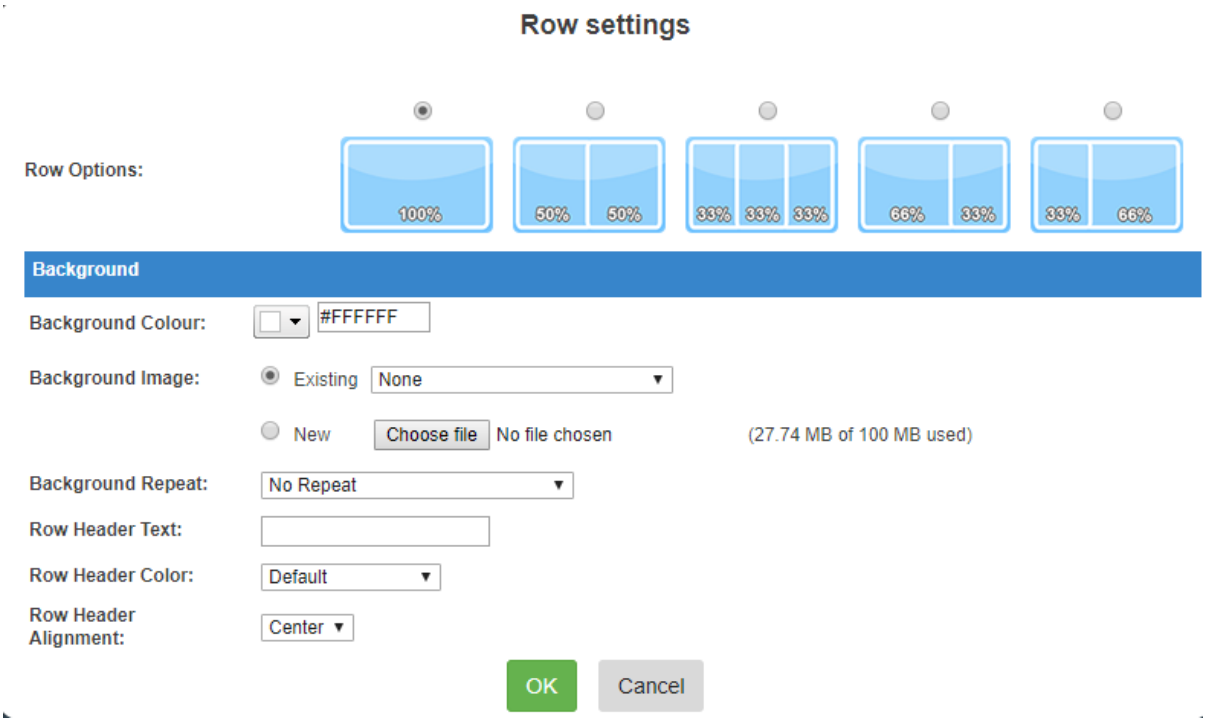

The Swimming Website templates are structured with rows. The first four rows (News, Ads, Events & Social Media) are locked however extra rows can be added underneath, such as club sponsors and HTML pages.

Unknown macro: 'widget'

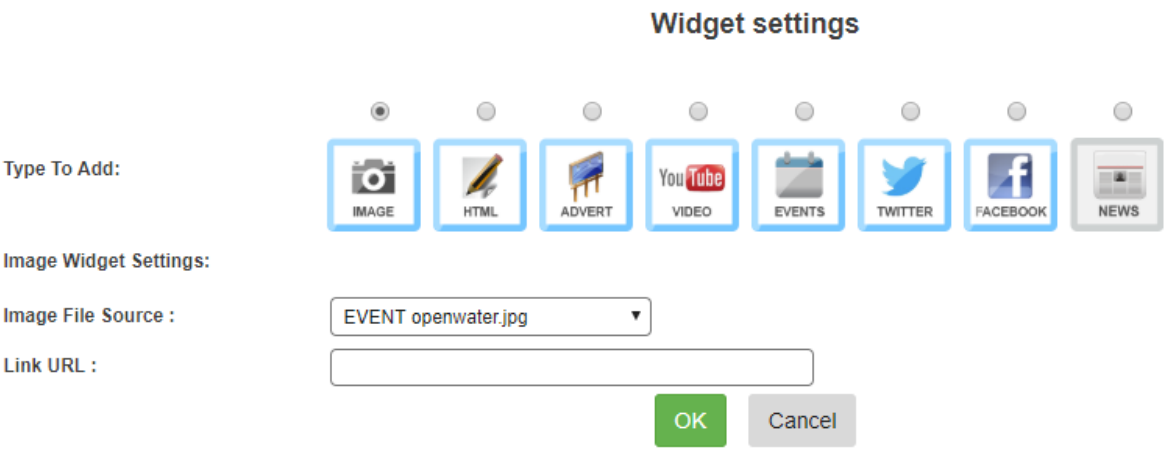

1. Steps to create a new row: select the +Row option

2. Then the 'Row Settings' will appear, and select your your 'Row Options' (100%, 50/50% etc.) and the background for the rows which can be an image or a colour.

3. The row will now appear as part of the Layout. Select '+Widget' and choose your widget type (Image, HTML etc.), and select OK.

4. Save and Publish the Layout once completed.
