Program Manager

The program manager screen allows an organisation to view program details relating to programs it intends running.

NSOs can view the programs established by organisations and approve programs as required.

Program Group	Select from the list of programs available.
Season	Select from the list of seasons for the selected program.
Filter by Affiliate (Org)	Filter by a particular organisation (governing bodies only)
Status	Select from the status list: • All statuses • Unsubmitted - program established by an organisation but not yet submitted to the NSO for approval. • Pending - program submitted to the NSO for approval, but not yet approved. • Deactivated - program deactivated by the NSO. • Approved - program approved by the NSO.
Organisation Name/ID	Search by organisation name or ID.
Postcode	Search by postcode.

View / Edit program for an organisation

For NSOs, you can view a list of all the organisations matching the filter criteria selected.

For all other organisations, you can view a list of all your programs matching the filter criteria selected.

Click the **View/Edit** link on a particular organisation to view the program details on the Program Settings screen.

You can also download the program information list by clicking the **Download** link.
