

Program Details

This screen is customised to your particular program and allows you to enter program details, including:

- Public Information visible on the public portal and program finder
- Program time slots when you are going to run the program
- Private information relating to administration of the program internally.

Additionally, once your program settings have been established, you can apply for sanctioning through your NSO by submitting your program application for approval.

If the NSO has determined that program sanctioning is not required, the programs can be automatically approved by the system. See Approval step below.

Information visible on the public portal

Program information is made visible on the NSO website (as well as the club/association/private provider websites, where they exist).

It is also made visible through a program finder that can be used by the NSO and club/association/private provider to channel interested participants to online registration.

Approval Status

Each program can be set up to allow sanctioning (manual approval) by the NSO.

Where sanctioning is required, each club/association/private provider running the program will need to apply for approval from the NSO after completing the program settings.

The status of a program determines where it is in the approval process:

Unsubmitted	Program established by an organisation but not yet submitted to the NSO for approval.
Pending	Program submitted to the NSO for approval, but not yet approved.
Deactivated	Program deactivated by the NSO.
Approved	Program approved by the NSO.
