

# Duckworth-Lewis (Cricket LiveScore Mobile)

[ResultsVault Cricket LiveScore FAQ](#)

Use the DL Calculator to reset target for the team batting second in an interrupted one-day match as per the Duckworth-Lewis method.

The DL calculator screen comes up after selecting to use Duckworth-Lewis on the [Match Status](#) screen.

To use the DL calculator, make sure that the 'Overs per Innings' value has been set in [Match Settings](#): the value can't be set to 'No limit', or set to greater than 50 overs.

The screenshot shows the 'DL Calculator' screen on a mobile device. At the top, there's a green header bar with 'Cancel', 'DL Calculator', and 'Done' buttons. Below this is a tab bar with '1st Innings' and '2nd Innings'. The '1st Innings' tab is selected, indicated by a green underline. Below the tabs is a table with columns 'OVERS' and 'RUNS'. The table shows a total of 20 overs and 160 runs for 'East Coast Bays'. At the bottom, there's a 'Suspension Periods' section with a right arrow. Numbered callouts (1-4) point to specific features: (1) points to the 'Done' button, (2) points to the '2nd Innings' tab, (3) points to the 'TOTAL' row in the table, and (4) points to the 'Suspension Periods' section.

	OVERS	RUNS
<b>TOTAL</b>	20	160

## Highlighted Features:

- (1) To return to Match Status, tap on Cancel. To save changes made, tap on Done.
- (2) To switch to the 2nd innings, swipe to the left or tap on the '2nd Innings' tab. Note: the 2nd innings tab will only be available if scoring for the 2nd innings has commenced.
- (3) See match summary for the 1st innings showing overs completed and runs scored.
- (4) To add details for match interruption(s), tap on 'Suspension Periods'. Ensure you add the interruption(s) under the right innings.

The screenshot shows a mobile application interface for managing suspension periods. At the top, there is a green header bar with the title 'Suspension Periods' and two buttons: 'Cancel' on the left and 'Done' on the right. Below the header, the screen displays 'Suspension 1' with a red 'X' icon to its right. Underneath, there are four input fields for recording suspension details: 'AFTER OVER' with the value '2', 'RUNS' with the value '41', 'WICKETS LOST' with the value '1', and 'OVERS REMAINING AFTER SUSPENSION' with the value '8'. At the bottom of the screen, there is a large green button labeled 'NEW SUSPENSION PERIOD'. Numbered callouts are placed around the screen: (1) points to the 'Done' button, (2) points to the red 'X' icon, (3) points to the input fields, and (4) points to the 'NEW SUSPENSION PERIOD' button.
