

Adding Rows

The Swimming Website templates are structured with rows. The first four rows (News, Ads, Events & Social Media) are locked however extra rows can be added underneath, such as club sponsors and HTML pages.

Unknown macro: 'widget'

1. Steps to create a new row: select the +Row option

2. Then the 'Row Settings' will appear, and select your your 'Row Options' (100%, 50/50% etc.) and the background for the rows which can be an image or a colour.
