Grade Divisions

You can group grades within Grade Divisions. This makes it easier for larger organisations to find appropriate grades and manage several grades in a single Division.

Add / Edit a New Division

1. Click **Add New Division** link to add a new Division, or click the **Edit** link for a particular Division to edit Division details.
2. Edit the fields as per the table below.
3. Click **Update** and **OK** to save changes.

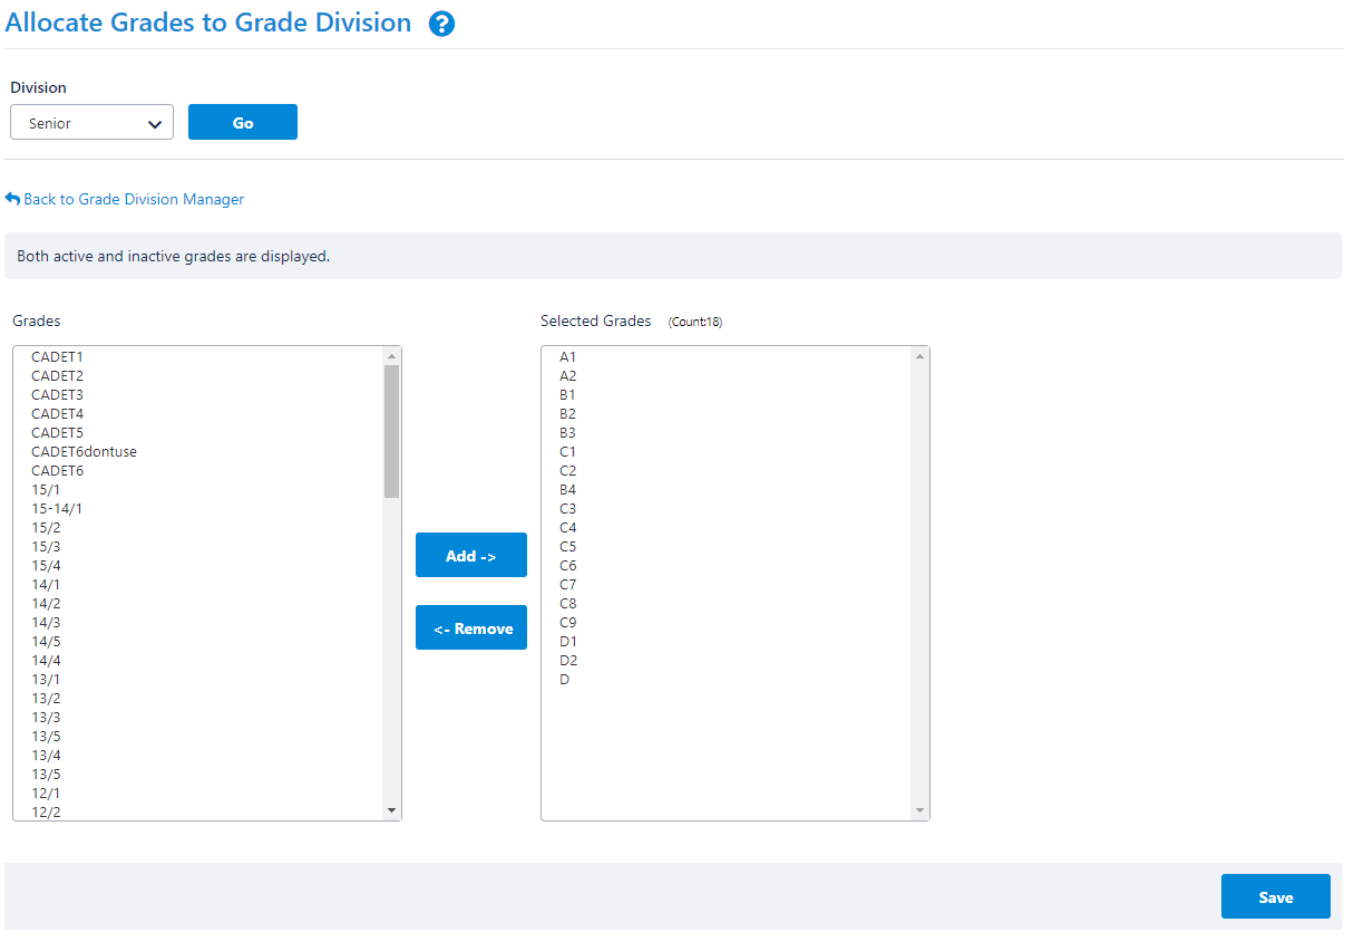

Grade Division Name*	A unique name for the group of grades. For example - Men's, Women's, Juniors, Division 3
Parent Division	The Parent Division (grouping) to which the Grade Division belongs. This allows you to categorize the Grade Divisions and display the Grade Division names with reference to the category on public sites. For example, if you link the "Premier" Grade Division to the Parent Division "Mens", the public site will list the Grade Division as "Mens Premier".
Sort Order	The order in which the Division is displayed within the list of divisions. A sort Oorder of "0" is sorted as the highest in the list. Leaving this blank will result in the Division being added below any specified sort orders. If more than one sort order is left blank, the Divisions without a sort order will display in the sequence in which they were added to the system.
