

SMS child organisations

You can send an email or SMS in bulk to your clubs using this feature.

Each club can designate one or more players and contacts from their lists who will receive communications from the association. You can select all or some of these people to send messages to.

Clubs maintain the list via the **Club contacts for association(s)** function available from the Club administration menu. Alternatively, associations can maintain the lists for the clubs via the **Club maintenance** function available from the Association administration menu.

SMS Child Organisations ?

Child Organisations must nominate designated contacts in order to appear in the list below (via the *Designated contacts for Parent Organisations* page). See help for more details.
