

End Match / Match Result (ECB Mobile)

[Play-Cricket Scorer FAQ](#)

Upon match end, by either manual end via the 'Match Actions' or 'Match Status' screen, or via a score prompt (e.g. all out, 2nd batting team passes 1st batting team total etc) a confirmation prompt appears asking if you wish to end the match.

A Drury

The image shows a screenshot of a cricket match entry form. A dark blue overlay is centered on the screen, featuring a rounded rectangle with the text "End Match" and a circular button with a refresh icon. In the background, the form includes a pencil icon, a "not out" status, a "30" value, a "5" value, an "Extras" label, a "0" value, and a "Penalty runs" label with a "0" value.

'Save and Exit' takes you out to the match list page where the match can be reviewed or edited again upon entering. Please note that this will not submit the match result to Play-Cricket.

'Finalise Result' takes you to the Match Result area, where the final result can be selected.

Note

If the app is not connected to the internet, an alert will appear to make the user aware that the match will not be submitted. Once in an internet zone, the user can submit the match again.

Once connected to the internet, ending a match (after the completion of Match Result) syncs the match scores to the Play-Cricket server and shows the match in the 'Completed Matches' section on the Matches screen.
