

Pairs Cricket (MyCricket LiveScore Tablet)

[MyCricket LiveScore FAQ](#)

The screenshot shows the MyCricket LiveScore app interface on an iPad. The top status bar indicates 'iPad', '11:21 am', and '100%' battery. The app's navigation bar is blue with a hamburger menu icon on the left, 'Matches' in the center, and 'Grades' on the right. Below the navigation bar, there are two tabs: 'MyCricket' (selected) and 'Custom'. The 'Matches' section is divided into 'Completed (1)' and 'In Progress (2)'. The 'Completed (1)' section shows a match between Yarraville Club and Doutta Stars, Senior Division, 18th July 2017, 12:00 am. The 'In Progress (2)' section shows two matches: Greenvale Kangaroos vs Airport West St Christophers (1/7) and Glenroy vs Spotswood (0/0). The 'Pairs' section is on the right, showing settings for the current match. It includes a 'Batting' section with 'Overs per pair' (4), 'Starting runs per innings' (200), 'Runs lost per wicket' (5), 'Penalised wickets per player' (All), and 'Change strike after a wicket' (toggle switch). Below this is a 'Bowling / Fielding' section with 'Runs gained per wicket' (0). Numbered callouts (1-6) point to specific features in the 'Pairs' section: (1) Overs per pair, (2) Starting runs per innings, (3) Runs lost per wicket, (4) Penalised wickets per player, (5) Change strike after a wicket, and (6) Runs gained per wicket.

Match	Score
Yarraville Club vs Doutta Stars	1/94 vs 1/99
Greenvale Kangaroos vs Airport West St Christophers	1/7
Glenroy vs Spotswood	0/0

Highlighted Features:

- (1) To set the number of overs per batting pair, tap on (-) to reduce and (+) to increase the value. The batting team is divided into pairs and each pair bats for this duration, regardless of whether they are dismissed or not.
- (2) To set starting score per innings, tap and enter value. Each team commences its innings with this total, to which runs are added as scored.
- (3) To set number of runs subtracted from batting total at fall of wicket, tap on (-) to reduce and (+) to increase value.
- (4) To set the number of times per batter that the batting team gets penalized for a wicket, tap on (-) to reduce and (+) to increase the value. If set to 'All', the batting team will get penalized every time a batter is dismissed as per (3).
- (5) To select whether or not to change ends at the fall of each wicket, use the toggle switch for 'change strike after a wicket'.
- (6) To set number of runs added to the total of the bowling team at fall of a wicket, tap on (-) to reduce and (+) to increase the value.
